# Open Flame Burners

Open Flame Illumination is for the discerning homeowner looking to infuse an outdoor setting with the warm, flickering light of an open gas flame. American Glow Lighting's Open Flame Gas Lamps provide a dramatic ambiance to outdoor settings, entrances, and walkways.

## ADVANTAGES OF OPEN FLAME GAS ILLUMINATION TECHNOLOGY

- Adds drama and romance to any outdoor setting
- Historic charm
- Maintenance free operation
- Open Flame Gas fixtures can be complemented by matching American Glow Lighting's gas mantle, GasGlow® LED, or electric candelabra base fixtures to provide both superior illumination and breathtaking ambiance
